

P- Series Heavy Duty Linear Actuators

Very strong pair of linear actuators c/w tandem controller ideal to operate large/heavy roof vents, domes or windows to 90 degrees (e.g. bottom hung, top hung, side hung)

For smoke and heat exhaust (SHEVS) and natural ventilation systems.

Supplied complete with brackets

Soft start and soft load disconnection (electronically controlled)

Robust & corrosion-resistant design

Fire Test (300°C): TÜV-Nord, KH99.7.1

Satin Anodised Aluminium finish.

VOLTAGE SUPPLY	PL6 - 24 Vdc	PL10 - 24 Vdc	PLA - 24 Vdc
STROKE	100-300mm	100-300mm	300-1000mm
ELECTRIC CONNECTION	2 wires	2 wires	2 wires
DOUBLE INSULATED	No	No	No
OPERATION	by polarity inversion		by polarity inversion
FORCE (PUSH ACTION)	1200 N	2000 N	1000 - 3200N
CURRENT ABSORPTION (WITH MAX LOAD)	1.2A	1.6A	1.4 - 2.8A
PROTECTION CLASS	IP 54	IP 54	IP 54
